Dear Potential Patient:

Thank you for your interest in the "**O'Neil Skin and Lipo Medical Center**". Skin Rejuvenation at the O'Neil Skin and Lipo Medical Center is unique in the cosmetic world for improving age and beauty. With over 9,000 procedures performed in the last 27 years, the O'Neil Skin and Lipo Medical Center has established itself as the premier facility for improving wrinkles, age spots, acne scars and other skin related problems.

We are, to our knowledge, the only medical office in Southern California that specializes in "Cosmetic Skin Rejuvenation". While other physicians may do laser peels, TCA peels, or phenol peels, few, if any, concentrate their practice exclusively on skin rejuvenation. Most cosmetic physicians offer multiple cosmetic surgeries and procedures. We specialize in skin rejuvenation and have been doing so since 1981. We offer only a few other procedures such as Tumescant Liposculpture, Smart Lipo, Neck Lifts, Botox, dermal fillers, and vein injections. My practice is dedicated to providing top quality work, with optimal results and conscientious care. We have a few aftercare choices for you, to ensure your comfort and care.

There are many questions you should ask when contemplating a cosmetic procedure. Please see the leaflet enclosed in our brochure entitled "*What You Should Ask The Doctor Before Undergoing Any Procedure*".

The brochure is designed to educate you regarding the O'Neil Skin Rejuvenation and other types of cosmetic skin treatments performed at the O'Neil Skin and Lipo Medical Center. If you decide that one of our treatments is for you, the next step is to set up a consultation. Consultations usually take place at our Temecula office or one of our peripheral consultation offices in Newport Beach and Santa Monica. Call us and we will be happy to arrange a time for you to sit down with me and ask any questions you might have so you will feel more comfortable with our procedures.

If you do not live in our area, it is possible to have a consultation by phone. Out-of-state patients fly into Ontario or San Diego Airport and may make arrangements with us to pick them up and return them to the airport (at the patient's expense).

I look forward to meeting you in person and answering any questions or concerns you may have. Please find our price list on the reverse side.

Sincerely,

Kelly J. O'Neil, M.D.
And the O'Neil Staff

V&B: Dear Potential Patient 11.2008
